MERCHANTS ORGANIZE

Business People Organize At Meeting Monday Night With Initial Membership Of 35

The Placerville Merchants Association was born Monday night at a meeting of business people of the county seat, held in the court room at the courthouse.

Officers are T. P. Raley, president; M. T. Kelly, vice-president; and Mance H. Vaughn, secretary.

The association will meet once a month on the second Monday of the month, and at other times if necessary at the call of the chairman.

Decision to form a permanent organization followed discussion at the meeting of the report of an advisory committee appointed at a meeting held August 5, consisting of Mr. Raley, Harry Jasper, Albert Simon, Cecil George and Mance H. Vaughn.

Acting on the suggestions of this committee, members of the association voted that their organization shall be governed by the vote of the majority and shall undertake free and open discussion of all topics deemed of interest.

There will be no salaries and no business headquarters except that maintained as a courtesy by the secretary at his business office.

There will be no membership fees and expenses of the association will be taken care of by the membership at their regular meetings.

The permanent advisory council of the association will be formed by the election of six members, to work with the three elective officers, the chairman of the association to be also chairman of the advisory council.

Those present at the Monday night meeting who subscribed as members of the Placerville Merchants Association are as follows:

Charles Clifton, Clifton & Co., Mary

Marks Reported "Satisfactory"

14 Perforations In Bowels Result Of Accidental Shooting Saturday

The condition of William Marks, 24, victim in an accidental shooting Saturday, was reported Tuesday morning by Dr. W. A. Reckers as "satisfactory."

Dr. Reckers intimated that it is impossible at this time to tell what the developments in the case may be.

Marks, shot through the abdomen, suffered 14 perforations in his bowels, it was found in an examination at Placerville Sanatorium, where the young man was removed Saturday afternoon after being accidentally wounded by a revolver held by his brother-in-law, Sidney Ward.

The unfortunate accident took place while the two were in the Grizzly Flat district, outward bound on a fishing trip.

Newtown Grower Reports Theft Of 41 Turkeys

Edward Dathe, located on the old Ferrari place at Newtown, reported to Sheriff George M. Smith Tuesday the theft of 41 turkeys from his ranch, Monday.

The theft took place during a brief absence of members of the family.

Dathe says the birds are tattooed with his initials and the date of their birth under their right wing.

A complete report on the robbery was given the sheriff.

Use Milk Bottles For Milk Only, State Warns

SACRAMENTO — Don't use milk bottles for garden borders. Don't use milk bottles for paint pots. Don't use milk bottles when you buy cider in bulk from the barrel. Don't use milk bottles for any other purpose than to contain milk or cream.

These are the suggestion of the dairy service of the state department of agriculture in calling attention to a state law which makes it a misdemeanor to use milk bottles for any other purpose than that for which they were intended.

Mr. and Mrs. Robert E. Roberts are on a week's vacation at Twin Lakes.

Dionnes Have "Sniffles" But Show Improvement

CALLANDER, Ont. (UP)—The Dionne quintuplets have about recovered from their colds and will be permitted to play outside again tomorrow, Dr. Allan Roy Daffoe, their physician, announced today.

"They are coming along very well," he said. "They are all right except that they have mild colds, quite usual with children this time of year."

Emilie, the one who gave her sisters colds in 1935 and again this year, was practically over hers. The others were still sniffing.

CHINESE STRENGTHEN SHANGHAI DEFENSE

Japan Threatens To "Punish" Any "Provocative Attitude" In Tokyo Naval Conference

By JOHN R. MORRIS

United Press Staff Correspondent SHANGHAI, (Copyright, 1937, By United Press)—Chinese tonight reinforced their "peace preservation" regiments defending the Bund, air-drome, railway stations, and the industrial areas of the native city and prepared to resist Japanese demands that they punish immediately soldiers who killed a Japanese naval officer and a seaman late yesterday.

Meantime, the Japanese were not pressing their demands for immediate action although high officers of the Japanese naval staff, who met in Tokyo with Rear Admiral Mitumasa Yonai, navy minister, presiding, announced they had decided to "punish" the Chinese if they persist in maintaining a "provocative attitude."

The general military situation on the three fighting fronts was unchanged. Chinese asserted that they had 80,000 men northwest of Peiping and were holding the entire Peiping-Suiyuan railway area. Japanese pilots continued to bomb railway stations along the line and their artillery kept up a sporadic bombardment of the Chinese entrenched positions below the strategic Nankou pass. On the Peiping-Hankow railway, southwest of Peiping, the Japanese had advanced to a point about 25 miles from the walls of Peiping.

EL DORADO MAN SUMMONED BY DEATH ON MONDAY; RITES WILL BE WEDNESDAY

Funeral services for Daniel Sherman Clark, 69, of El Dorado, who died on Monday, will be held Wednesday at 10 o'clock in the morning from Memory Chapel. Rev. John Dunlop will have charge.

Following the service the body will be removed to Turlock for interment, with services at the graveside at 2:30 o'clock Wednesday afternoon.

Mr. Clark was a native of Clarkville, Iowa, born December 25, 1867. He came to California as a young man and during the past eight years had resided at El Dorado.

In addition to his wife, Mrs. Mary E. Clark, he is survived by two sons, Charles and Norman Clark, and one daughter, Mrs. Sylvia Mayer of El Dorado; a daughter, Mrs. Susie Kunkle of Colorado, and two sons, Walter and Leslie Clark.

"Mousery" Meets Needs Of Nation's Scientists

BILLINGS, Mo. (UP)—What is believed to be the country's only commercial mousery is going full blast here supplying the needs of laboratories and scientists.

Recently 1,050 of the 30,000 white mice bred here were shipped to an Indianapolis laboratory for experimental purposes.

Kept in breeding hatches, the mice are divided into lots of one male and six females. A normal increase permits the shipping of approximately 4,000 a month to all states.

Placerville Girl Weds In Nevada Ceremony

Reports from Reno state that a license to wed was issued at that place over the week-end to Dorothy Truscott, 19, of Placerville, and Leonard Gordon, 21, of Live Oak. Our blessing and good wishes to the couple.

J. C. Rasmussen was a caller on Tuesday from Camino.

"TOP HAT DAY" FOR LIONS

Dancing Team Helps Boost Observance In Appearance Before Luncheon Club

Tuesday was "Top Hat Day" at the regular Lions meeting when members of the club, in an advance observance, celebrated by wearing the flashily colored "top hats" which will be featured Saturday in the Placerville merchants' "Top Hat Day."

A feature of the meeting was the appearance of a "Top Hat" dancing team consisting of Miss Shirley Frew and Evangeline Franklin, with Miss Janis Ball as piano accompanist, who put on two fine numbers. Misses Frew and Franklin are pupils of Mrs. Florence Blair, who conducts a dancing school at the Shakespeare clubhouse during the fall and winter months. Miss Frew has been taking instructions for one year and Miss Franklin for two years.

Plans and purposes of the "Make Our Town the Tops" program were explained by Mance H. Vaughn, who informed merchants that "Top Hats" are now available at Murray's store. Each store will purchase hats for their clerks. The hats are being handled by Murray's purely as an accommodation and are being sold for cost, twenty cents each. It will be necessary for all business houses who are to co-operate to have their employees go to Murray's and select hats in order to get head sizes, it was explained by Vaughn.

Labor Agitator Oiled, Feathered

Texas "Hoodlums" Blamed For Mis-Treatment Of Socialist Organizer

DALLAS, Tex. (UP)—Police today blamed disorganized hoodlums for the raid on a labor rally last night and the kidnapping of Herbert Harris, 47, Socialist party organizer who was oiled and feathered and dumped from an automobile at a busy street corner.

There were about 20 men in the mob that invaded Trinity Park where the meeting was in progress. They overturned Harris' automobile which carried a motion picture projection machine and a film entitled "Millions of Us." The film portrayed the advantages of union labor.

Detectives were still questioning Harris early today. He told them the only motive he could assign to his treatment was racial prejudice. His motion picture, he said, showed white and Negro women together in a picket line, and his abductors, he said, had told him to "get back up north."

Personals

E. E. Jukes was in town Tuesday from Youngs.

Supervisor Cyril Heuser was in town from Shingle Tuesday.

Earl Klare was in town Tuesday from Fairplay.

J. E. Jewell was in town Tuesday from his resort at Bijou, Lake Tahoe.

Peter F. Morgan is reported as resting easily at Placerville Sanatorium where he is under treatment for a strangulated hernia.

Mr. and Mrs. C. E. Tennison have moved to Sacramento. Mr. Tennison has accepted a position in a grocery store in the capital city.

Birth of a daughter, Annita Allene Major, to Mr. and Mrs. Clarence A. Major on August 3, was of record Tuesday at the office of County Recorder Charles Marsh.

Mr. and Mrs. E. Maderos have moved here from Sacramento to make their home. Mr. Maderos has accepted a position as clerk in Raley's Drive-In Market.

James Troy, employed at the Placerville Fruit Growers' Association shed, is at Placerville Sanatorium for treatment of a compound fracture of the middle finger on his right hand, received in an accident on one of the conveyors, Monday.

WELCOME WITH LIMITATIONS—Gonzales County, Texas, expects a bumper cotton crop this year and needs all the cotton pickers it can get. So Chief Deputy Sheriff Walter Ray put up this sign at the edge of Gonzales city, offering a welcome to most persons, except those seeking Mexican and Negro hands.

Suicide Succeeds In Accidental Death

ST. JOSEPH, Mo. (UP)—Ruth Levin, 36, was killed last night attempting suicide.

She drank a glass of wine, locked the door, attached a rubber tube to a gas stove jet and sat down in the kitchen to inhale the fumes and die of asphyxiation.

The escaping gas soon filled the room. The pilot light on the stove ignited it in an explosion that shattered most of the windows in the house and blew out the kitchen door.

Miss Levin was taken to a hospital where she died in a few hours of burns.

Prosperity For Major Leagues

Attendance Figures Best Since Inflation Era, Turnstiles Show

By GEORGE KIRKSEY

United Press Staff Correspondent NEW YORK (UP)—Major league turnstiles are clicking at the merriest gait since the inflation era.

Already the American League has drawn 4,619,283 paid admissions and the National League 4,107,222 for a grand total of 8,726,505. Each league is sure to go well over 6,000,000 with a chance they may hit 7,000,000 if the races don't cool off completely.

The New York Yankees are shooting at all time records. They've played to 974,845 persons in 42 playing days at Yankee Stadium, an average of more than 23,000 per game. On the road they've played to 731,312 in 49 playing dates. The total for all Yankee games is 1,706,157. The Yanks' all time road record of about 1,000,000 is almost certain to topple with about 26 playing dates left.

The Giants top the National League in attendance with 900,700 for 45 playing dates at the Polo Grounds. Next comes the Chicago Cubs with 695,000 for 42 home dates.

Oldest Twins In Northwest Claimed By Minnesota

MANKATO, Minn. (UP)—Mankato claims the oldest twins in the Northwest—Mrs. Clara Hodapp and John Kroft, 81. (They'll be 82 next Christmas Day).

The twins were born in 1855 at St. Anthony, now Minneapolis, the first children of Mr. and Mrs. John Peter Kroft. The family moved to Mankato in 1857, the year of the Inkpadutah massacre, when Mankato was a struggling pioneer settlement.

Heretofore, Donald and Mary Blair claimed to be "about the oldest twins in the Northwest."

GEORGETOWN CLUB IN PENNANT PLAY-OFF

North Siders Take Lead For Second Half Of Schedule In Foothill League

The Placerville Bartletts failed to enter the finals in the Placer-Nevada but El Dorado County has one club which fought its way into the finals, and will begin a three game play-off next Sunday.

The Georgetown nine in the Foothill league, won the second half flag by defeating the Camp Bradley team in a deciding game at Forest Hill, Sunday. Both clubs had finished the regular second half schedule with one loss and six wins. In the game Sunday Georgetown won 6-3.

Georgetown will meet the Folsom Cubs, winners of the first half in the first game of the series next Sunday. The Georgetown nine will be favorites to cop the league title as the Folsom team, after taking the first half, failed to win a game during the second half.

The score.

TWO ARE APPOINTED TO BOARD OF FIRE DISTRICT AT GEORGETOWN

Minutes of the August meeting of the Board of Supervisors show that George A. French and Allan Hughes, who, with G. W. Morgan, had been named members of the governing board of the Georgetown fire district, have resigned.

To fill these two vacancies, the supervisors have appointed Alex Francis and Ed Cheek, who will serve with Mr. Morgan for terms which expire next April.

The board also will receive bids until 2 o'clock on August 27, at which time they will be opened, on the construction of a concrete girder bridge over Rocky Basin creek, in the Georgetown district.

DOG SAVES DOG

BAD ISCHL, Austria (UP)—The hero of local dogdom is a little dachshund which rescued a fox terrier pup playmate when the small animal was drowning. The dachshund grasped the terrier's leather collar in its teeth and swam ashore.

Mrs. Nellie Cox, Mr. and Mrs. William Reed and daughter, Everle, and Mr. and Mrs. James Hawkins, all of Bishop, spent last week with Mr. and Mrs. Cullers at their Camino Ridge farm. All members of the party except Mrs. Cox returned to Bishop Saturday and Mrs. Cox remained for a longer visit with Mrs. Cullers, who is her sister.

County School Superintendent and Mrs. Fitzgerald are vacationing in the Pyramid Lake district.

3 DIE, 6 HURT IN AIR CRASH

Transport Hooks Landing Gear On Temporary Power Line Bordering Airport, Wrecked

DAYTONA BEACH, Fla. (UP)—A temporary electric power line on the outskirts of the municipal airport—which airport officials said was erected without their knowledge—today caused the crash of an eastern airline passenger plane, killing three persons and injuring six others.

Eastern air lines officials said the line was a Florida Power & Light Co., line erected along a highway bordering the field early last night, without official notice to airport authorities.

The plane speeded down the runway. The passengers were strapped in with safety belts. The plane glided skyward. Suddenly its landing gear struck the wire, invisible in the gray dawn.

The silver plane, with throttles wide open, turned a half somersault, as if it were on a trapeze. It crashed nose down from about 50 feet.

One of the engines caught fire. Airport attendants put out the flames before they reached the cabin, where the passengers were trapped in the wreckage.

Captain Dietz was decapitated. Pilot Reed died a few minutes after being removed from the cockpit.

J. F. Philpot of Kingston, Jamaica, traveling with his eight-year-old son, E. W. Philpot, was fatally injured.

Five other passengers were hurt seriously. They are: W. G. Marlan, Mexico City; F. M. Thompson, Greenville, S. C.; M. N. Hamilton, Detroit, and E. W. Philpot, son of the dead passenger from Jamaica.

Amnesia Victim Puzzles Reno

Man May Be Heir Apparent To English Baronetcy, Press Clipping Hints

RENO (UP)—Police today sought to ascertain identity of a middle-aged amnesia victim, working on the theory he may be a Los Angeles resident recently named heir apparent to an ancient English baronetcy.

The man walked into the police station last night and asked "who am I?" in his pocket was a clipping from a Los Angeles newspaper concerning Francis Robert William Boreel, Los Angeles man named as direct heir to an English title.

A large wallet carried by the man was empty except for a luggage check issued by the Motor Transit Company in San Bernardino, at 8:18 a. m. August 8. He wore a brown suit made in Chicago and a brown felt hat with the initials "A. D. P." in the band. A wrist watch had three initials scratched on the back, but officers could not make them out. He wore an Elks pin.

Shingle Springs Child Is Summoned On Tuesday

Ada Marie Caster, aged four and one-half months, daughter of Mr. and Mrs. Elmer Caster of Shingle Springs, died Tuesday about noon at the family residence at that place. The child had been ill for some time.

In addition to the parents, one brother survives.

The funeral arrangements are pending and are in the care of the Dillingham mortuary.

Drop In Humidity Forecast By Weather Bureau

In a telegram to Eldorado Forest the weather bureau at San Francisco warns of warmer weather and lower humidity during the next few days. The message, received Tuesday noon, forecasts as follows: "Fair and warmer with lower humidity; gentle to moderate northwest to northeast winds becoming gentle southwesterly Wednesday afternoon; increasing in afternoons thereafter."

Bert Wing, charged with being drunk and disorderly, was sentenced by Police Judge Creed on Tuesday to pay a fine of \$60 or serve 30 days in jail. This also was the sentence for Charles Collins on the same charge. Tom Inscore was fined \$10 with the alternative of five days in jail.

Placerville Merchants Have Finest Group of Stores, Display Windows

Placerville business district has taken on such a change in the past few years, that residents who, having been away for a short time, and periodical visitors declare that they hardly know the old town.

Many new stores have been built, others have been remodeled; new fronts and display windows have been installed; new equipment added. This change has taken place in practically every line of business — the modern appearance being decidedly noticeable the entire length of main street.

Modern stores, shops, cafes, garages, amusement places, and service stations now present finest stocks of merchandise, modern, up-to-the minute conveniences, and equipment, coupled with prompt, courteous service.

This fine healthy growth in our community is proof that all Placerville citizens have the welfare of their town at heart. It is evident that the support has been wholehearted and most generous. The merchants represented on this page thank you very sincerely for this splendid support and pledge themselves to merit a continuation of this fine cooperation.

There is no need to trade elsewhere; no need to use mail order blanks or patronize peddlers. SPEND YOUR MONEY AT HOME — IN EL DORADO COUNTY!

JAPANESE FISHING OFF ALASKA PRESENTS KNOTTY PROBLEM TO INDUSTRY

SAN FRANCISCO (AP)—The question of Japanese fishing off the Alaskan coast is becoming more acute daily between the United States and Japan.

What makes the situation more difficult is the fact that, legally, the Japanese are within their international rights and there is nothing to prevent them from fishing outside of the three-mile limit. But what complicates the situation is that all of the American fisheries concerned, including those of Washington, Oregon and Alaska, as well as those of Canada, insist that the salmon caught by the Japanese are American or Canadian fish and that they ought to have the protection of their respective countries.

All of these salmon are said to come from the streams of Oregon, Washington, Alaska and Canadian waters where extensive measures for conservation have been taken and the fishing season limited, but nevertheless, as soon as they go out to sea beyond the three-mile limit, they become the legitimate prey for Japanese boats the year around.

To what extent the Japanese are catching these salmon is not known. Tokyo fisheries officials insist that Japan has never had more than two 6,000-ton ships in Alaskan waters. On other hand, a group of commercial fishermen who flew over the waters on behalf of the Association of Pacific Fisheries insisted they were able to identify at least four Japanese floating canneries in operation.

To make the situation worse, it is charged by Pacific Fisheries that the Japanese are able to offer their catch of American and Canadian salmon at three cents a salmon, while the best the American plants can do is a price of 14 cents a salmon.

Glen Stevens, George Gaskell and Gus Winkelman were at Stockton on Monday evening, taking in features of the current American Legion convention there.

Jones Family Becoming Good Will Envoys

Typically America's middle-class household, the Jones Family is being increasingly hailed in warm-hearted comments of foreign publications as America's unofficial family ambassadors of good will. This unexpected development in the career of the lovable family is highly gratifying to Twentieth Century-Fox executives, who have just released the latest picture in the series, "Big Business," which is featured today at the Empire Theatre.

The family is based on characters created by Katharine Kavanaugh, with Jed Prouty, Shirley Deane, Spring Byington, Russell Gleason, Kenneth Howell, George Ernst, June Carlson, Florence Roberts and Billy Mahan always in the same roles. Also featured in "Big Business" is Allan Lane, in a romantic-menace role.
